ABOUT US

Secure Connection boasts of a rich legacy of over Twenty-Five years of delivering world class products and breakthrough product innovations in the consumer technology products, consumer electronics, peripherals, and accessories space across global markets. Secure Connection has emerged as a global leader with a wealth of expertise in building brands, creating consumer stickiness, and delivering an enhanced experience that enriches a consumer's digital lifestyle.

We are committed to excellence at every step of the product development process and extending that further into our go to market strategy. Coupled with world class execution and a pervasive omni channel network, we deliver a seamless and scalable business model that benefits all stakeholders in the eco-system.

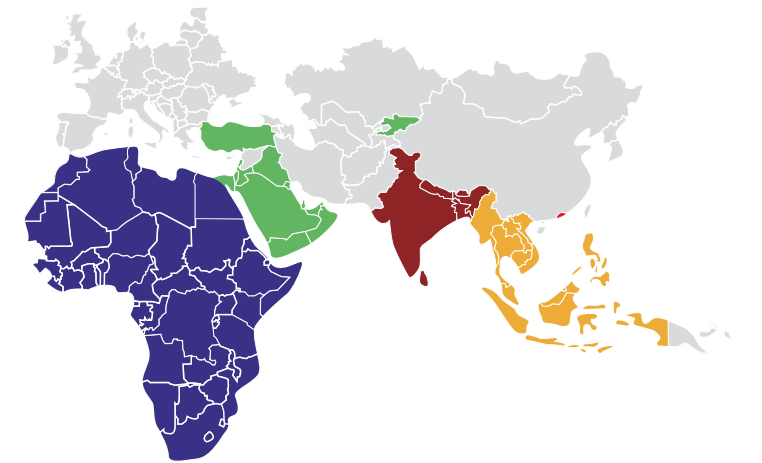

We currently offer a vast suite of products spanning consumer to enterprise segments – from enhancement products for smartphones to enterprise class infrastructure through our structured cabling systems offerings. Today we service our customers across multiple geographies spanning in South East Asia, South Asia and Middle East Asia.

Secure Connection is a Honeywell authorized licensee for Honeywell International Inc. Under this trademark license we manufacture Honeywell branded 'Electronic Essentials' range of products across multiple categories, covering over 83 countries across South Asia, South East Asia, Middle East Asia & Africa.
